

real savings. real simple.

GET CONTROL OF SPENDING FOR \$699/YEAR.
Spendata is the first true do-It-yourself spend analysis tool. Business owners, accountants, and purchasing professionals are achieving agile spending visibility without relying on consultants or IT-controlled investments.

AGILITY: Move from idea to impact as quickly as possible without being stalled by cumbersome data warehouses, BI tools, or ERP add-ons. Launch new programs that are quick to implement and deliver value rapidly.

ACCESSIBILITY: Designed for business people. A solution that draws on two decades of expert knowledge to simplify data prep and demystify the analysis process.

INDEPENDENCE: Achieve spend visibility without expensive consulting services or IT-controlled investments. If you're a sole proprietor or a procurement pro, Spendata gives you a risk-free option that won't disrupt the status quo.

SECURITY: Your data never leaves your computer. Spendata is a powerful application that requires only a compatible web browser to run. There's no software to install, maintain or upgrade and no need to upload sensitive data to a server.

GUIDANCE: Take the panic out of data prep and the mystery out of analysis. Step-by-step guidance helps you cleanse, map, and enhance your data quickly and easily. Learn to spot anomalies and unusual spending patterns. Gain insights that lead to savings.

AFFORDABILITY: Your decision to buy is virtually risk-free. Our pricing practically guarantees an immediate payback. Easy to use. Inexpensive. Maintenance-free. Ideal for smaller organizations and a no-brainer for larger ones.

Achieve spend visibility with minimal investment and no disruption to the status quo.
